

Year	Name of the Principal Investigator	Title of the project
2017	Dr.Nehal Sonawane(PG student)	Comparison of different M-wire rotatory systems to evaluate shaping effects NI resin canal using stereomicroscope-An invitro study
2017	Dr.Ishan Kadam (PG student)	Effect of denture cleansers on microhardness of acrylic resin teeth used in India at different intervals of time-An invitro study
2017	Dr.Sagar Salunkhe(P G student)	Evaluation of comparison of load deflection rates of various open coil springs- An invitro study
2017	Dr.Nitika Shinde (PGstudent)	To compare the gingival thickness and changes in intercellular spaces of gingival epithelium in smokers, tobacco chewers and non-tobacco users- A cross sectional histopathological study
2018	Dr.Pallavi Ranajane (PG student)	Comparative evaluation of cleaning ability and dentinal microcrack formation using three different NiTi rotary system- An invitro study
2018	Dr.Varsharani Dhakane (PG student)	To evaluate and compare the tensile bond strength of tray adhesives with different tray materials and different surface treatment with polyether impression
2018	Dr.Girish Yeolkar (PGstudent)	Evaluation & comparison of tensile strength & flexural strength ,microhardness & metallograph of silver brazing & tig weldingmethod in ortho SS wire- An invitro study
2018	Dr.Priti Pardeshi (PG student)	Effect of non-surgical periodontal therapy on serum lipid level and periodontal status in obese and non-obese individuals
2019	Dr.Aditi Amin (PGstudent)	Comparative evaluation of anti-microbial efficacy of diode laser, chlorine dioxide and sodium hypochloride against E.faecalis: An invitro study
2019	Dr.Samidha Shinde (PG student)	Comparative evaluation of the tensile and compressive strength of three different light cured bulk-filled composite core build up materials : An invitro study
2019	Dr.Snehal Bhalerao (PG student)	
2019	Dr.Jignesh Tate (PGstudent)	Effect of non-surgical periodontal therapy on plasma chemerin and interleukin -18 levels in diabetic and non-diabetic patients with chronic periodontitis: A clinical and biochemical study
2020	Dr.Ved Talathi (PG student)	Comparison evaluation of depth penetration of three different intracanal medicaments into dentinal tubules- An invitro study
2020	Dr.Sayali Dabholkar(PG student)	Comparative evaluation of the effect of chemical disinfection ,UV radiation and microwave radiation on dimensional stability of two elastomeric impression materials- An invitro study
2020	Dr.Aameer Parkar (PG student)	E & C of surface characteristics of titanium alloy orthodontics temporary anchorage device following electrochemical adonization - An invitro study
2020	Dr. Mithila Mane (PGstudent)	Comparative evaluation of antimicrobial photodynamic therapy with hydrogen peroxide (PDT PLUS) as an adjuvant to scaling and root planning in chronic periodontitis patients- A clinic-microbial study.

2021	Dr.Pawan Trymbake(PG student)	Comparative evaluation of apical leakage in root canal obturated with Calcium Hydroxide based, Epoxy resin based, MTA based and bioceramic based endodontic sealers.-An invitro study
2021	Dr.Damini Thakare(PG student)	Comparative evaluation of impact strength of two commercially available denture base resins reinforced with different fibres - An invitro study
2021	Dr.Sharayu Chavan(PG student)	Evaluation and comparison of stress distribution at bone implant interface with miniscrews of different diameters and different cortical bone thickness. -A finite element study
2021	Dr.Sayali Dhete (PGstudent)	Evaluation of addictive effect of systemic Moxifloxacin with non surgical periodontal therapy in chronic periodontitis.- A randomized controlled microbiological clinical trail.
2022	Dr. Hitesh Gajendra Patil (PGstudent)	Comparative Evaluation Of Wettability Of Endodontic Irrigants On Radicular Dentin With And Without Surfactant - An In Vitro Study”
2022	Dr. Arti Sadhu Kajale (PGstudent)	Evaluation And Comparison Of Cephalometric Norms Using Mcnamara Analysis In Konkan And Vidarbha Population.
2022	Dr. Nilambari Dadasaheb Jadhav (PGstudent)	A Clinico-Biochemical Comparative Evaluation Of Metallothionein And C-Reactive Protein Levels In Smokers And Non-Smokers With Chronic Periodontitis By Intervening Non-Surgical Periodontal Therapy.
2022	Dr. Sanket Keshav Avhad (PGstudent)	A Comparative Evaluation Of Flexural Strength And Elastic Modulus Of Three Commercially Available Zirconia Reinforced Dual Cure Composites Resin Core Build-Up Materials: An In Vitro Study
2023	Dr. Komal Dilip Suryavanshi (Pg Student)	Comparative Evaluation Of Shear Bond Strength Of Composite Resin To Dentin Restored Using Eighth Generation Bonding Agent And Bioactive Bonding Agent With And Without Mmp Inhibitor- An Invitro Study
2023	Dr. Aishwarya Anupam Sonawane (PGstudent)	Comparative Evaluation Of Stress Distribution On Periodontal Ligament During Correction Of Rotated Maxillary Central Incisor And Maxillary Second Premolar Using Clear Aligner And Fixed Orthodontic Treatment: A Three Dimensional Finite Element Method Study
2023	Dr. Vaishnavi Sanjay Shah (PGstudent)	Evaluation Of The Efficacy Of Liquorice Gel As An Adjunct To Non-Surgical Periodontal Therapy In Chronic Periodontitis : A Randomized Controlled , Clinico-Microbial Trial
2023	Dr. Rucha Pranay Saoji (PGstudent)	“Comparative Evaluation Of Two Different Surface Pre-Treatments On The Peel Bond Strength Of Two Commercially Available Soft Liners And Heat Cured Denture Base Resin- An In Vitro Study”
2023	Dr. Neha Shrikant Desai (PGstudent)	“Prevalence And Associated Factors Of Traumatic Dental Injuries Among 9-14 Years Old Schoolchildren Of North Ratnagiri District, Maharashtra- A Cross Sectional Study.”
