## Language and Communication skill development Capability Enhancement scheme

### **Introduction:**

The Language and Communication Skill Development Capability Enhancement Scheme at Yogita Dental College and Hospital, Khed is designed to equip students with effective communication skills, linguistic proficiency, and interpersonal abilities crucial for success in their academic and professional endeavors. This document outlines the objectives and key components of this scheme.

### **1. Objectives:**

- Enhanced Communication Skills: Develop students' verbal and written communication abilities for effective interaction with patients, colleagues, and the broader healthcare community.
- Multilingual Proficiency: Foster linguistic diversity by offering language proficiency training in English and other languages relevant to the healthcare context.
- Patient-Centric Communication: Instill empathy and clarity in communication to ensure compassionate and patient-friendly interactions.
- Professional Etiquette: Cultivate a sense of professionalism, ethical communication, and interpersonal competence among dental students.

## 2. Components:

### - Language Proficiency Workshops:

- Conducting regular workshops focused on improving English language skills, including grammar, vocabulary, and pronunciation.

- Providing additional modules for proficiency in languages commonly spoken by patients, ensuring effective communication in diverse healthcare settings.

### - Patient Communication Training:

- Offering specialized training sessions on communicating with patients, addressing their concerns, and providing information in a clear and empathetic manner.

- Simulated scenarios and role-playing exercises to enhance practical application of learned communication skills.

### - Interactive Seminars:

- Organizing seminars by language experts, communication specialists, and dental professionals to share insights and best practices in effective communication within the healthcare domain.
