SUMMARY:

The institute's motto is to raise awareness about the harmful effects of tobacco on oral health and overall well-being while promoting tobacco cessation and inspiring individuals including the students, faculty and community, to take proactive steps towards quitting tobacco and embracing healthier habits. In order to achieve these goals, the Institute's Department of Public Health Dentistry runs a fully functional Tobacco cessation and counselling centre (TCC Centre) as per the DCI guidelines.

On the occasion of "World No Tobacco Day", Dept. of Public Health Dentistry, Yogita Dental College and Hospital organized a fortnightly array of activities (16th May to 5th June).

On 20/05/2024 interns of Yogita Dental College, conducted door-to-door visits and oral screening in the nearby communities to disseminate information about the dangers of tobacco use and promote healthy lifestyle choices. The harmful impact of second-hand smoke was explained especially to the family members of smokers along with the impactful role of family in quitting the habit.

The college organized 3 free oral health screening camps offering comprehensive dental examinations to community members dated – 16/05/2024, 27/05/2024 and 05/06/2024 in the local college. Special emphasis was placed on detecting early signs of tobacco-related oral diseases such as oral cancer, periodontal disease and leukoplakia.

CDE Webinar was organized on occasion of World No Tobacco Day on 31/05/2024. Subject of the webinar was- Protecting children from tobacco industry interference. It was delivered by Dr. Akshatha

Gadiyar (Assistant Professor in Dept of Public Health Dentistry at Goa Dental College & Hospital, Bambolim, Goa).

In order to create awareness on ill effects of Tobacco Consumption among students as well as patient's T-shirt painting, Logo Designing & IEC Material designing competition was organized. Prizes were distributed on World No Tobacco Day (31/05/2024).

Dept. of Public Health Dentistry organized Free Oral Cancer Screening Camp in collaboration with Dept. of Oral Pathology at Bus stand of Khed on 31/05/2024, for the locals and patients coming from outside of Khed were targeted. Students from YDCH NSS Unit (2nd, 3rd, 4th year and interns) took part in the camp to assist interns for Oral cancer screening test - Toluidine blue stain.

The event was covered by local news channel.

- Social Media activities
- Radio / Newspaper / TV/ Campaigns/ Talk show/ Street plays/ Flash Mob
- Collaboration with AYUSH, Medical, Nursing colleges and State Tobacco Control Cell
- Initiatives towards ending Tobacco Industry Interference

Executive Summary:

Being the only dental college in the Konkan Rural region of Maharashtra, and as an important stake holder in health sector, Yogita Dental College has always worked with the mission of catering to the dental needs of the rural community in Ratnagiri district.

Culturally rich and diverse, the Kokan belt is home to a vibrant mix of communities, each contributing its unique and usage of chewing paan, areca nut, tobacco and tobacco products, etc. Our institute's motto is to raise awareness about the harmful effects of tobacco on oral health and overall well-being while promoting tobacco cessation and inspiring individuals including the students, faculty and community, to take proactive steps towards quitting tobacco and embracing healthier habits. In order to achieve these goals, the Institutes' Department of Public Health Dentistry runs a fully functional Tobacco cessation and counselling centre (TCC Centre) as per the DCI guidelines. Recently, the TCC has also partnered with the leading NGO, Bajaj Electricals Foundation, works alongside Tata Memorial Hospital, Mumbai and National Tobacco Program Cell and helps in training the dental students for Tobacco cessation and counselling, development and designing of IEC materials, digital reporting, monitoring and evaluating the patients from TCC in order to achieve an impact in the society. On the occasion of "World No Tobacco Day", Dept. of Public Health Dentistry, Yogita Dental College and Hospital organized a fortnightly array of activities (20th May to 5th June)

Activities under the following categories:

On the occasion of "World No Tobacco Day", Dept. of Public Health Dentistry, Yogita Dental College and Hospital organized a fortnightly array of activities (20th May to 5th June) namely –

1. Promotive, preventive and screening outreach activities:

A) Promotive Activities: Community Awareness Drive:

Interns conducted door-to-door visits and oral screening on 20/05/2024 in the nearby communities to disseminate information about the dangers of tobacco use and promote healthy

SHIVTEJ AROGYA SEVA SANSTHA'S

lifestyle choices. The harmful impact of second-hand smoke was explained especially to the family members of smokers along with the impactful role of family in quitting the habit.

The locals with habit of *Mishri chewing* – roasted tobacco (Smokeless form of Tobacco) was targeted with the individual counselling and pamphlets in local language (Marathi) were distributed for daily reinforcements. Also, free toothpastes were distributed to the locals to inculcate the habit of using toothpaste for brushing instead of *Mishri*. They were also informed about the availability and utilization of TCC centre in the institute and free counselling services available in the institute.

B) Preventive Activities:

Educational workshop:

CDE Webinar was organized on occasion of World No Tobacco Day on 31/05/2024. Subject of the webinar was- Protecting children from tobacco industry interference. It was delivered by Dr. Akshatha Gadiyar (Assistant Professor in Dept of Public Health Dentistry at Goa Dental College & Hospital, Bambolim, Goa). The webinar was conducted via Google meet platform. Students from 3rd year & 4th year, as well as interns participated enthusiastically. It was an engaging and informative session focusing mainly on how the young generation is attracted to the tobacco industry. MSDC approved 3 CDE points (MSDC/CDE/319/2024-2025) were awarded to all the participants.

C) Screening Outreach Activities:

- **Free Oral Health Screenings:** The college organized 3 free oral health screening camps offering comprehensive dental examinations to community members dated – 16/05/2024, 27/05/2024 and 05/06/2024 in the local college. Special emphasis was placed on detecting early signs of tobacco-related oral diseases such as oral cancer, periodontal disease, and leukoplakia.
- **Referral Services:** Participants identified with suspicious oral lesions or tobacco-related oral health issues were provided with referrals to specialized healthcare facilities for further evaluation and treatment.

2. IEC Activities:

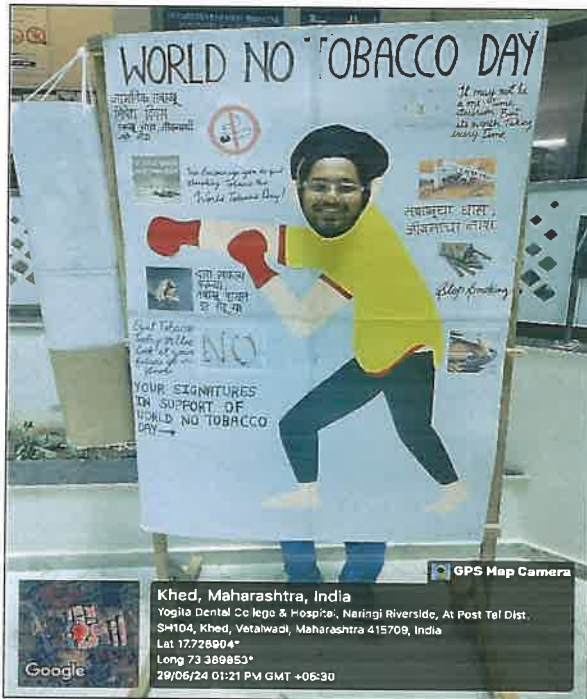

A) Information Dissemination:

- **Brochures and Pamphlets:** The college produced and distributed informative brochures and pamphlets detailing the adverse effects of tobacco on oral health, emphasizing statistics, facts, and cessation resources at Khed Bus stand on 31/05/2024.

- **Posters and Banners:**

A selfie stand was set up in the college lobby from 27/05/2024 – 31/05/2024, urging patients, teaching and non-teaching staff and students to pledge and sign-up for the fight against Tobacco. Colorful posters and banners were strategically displayed across the college campus and surrounding areas, featuring compelling messages and visuals to raise awareness about tobacco-related health risks.

B) Competitions organized:

T-shirt Painting Competition: Theme: Awareness about ill effects of Tobacco

In order to create awareness on Ill effects of Tobacco Consumption among students as well as patient's T-shirt painting competition was organized. Students from 1st, 2nd, 3rd and final year. Interns and post graduate students also participated in the competition.

- **IEC material designing competition and LOGO designing competition:** Impactful and effective IEC material plays an important role during patient education and oral health promotion. In order to achieve that a competition was organized by Dept of Public health Dentistry. Students (Undergraduates, Interns and postgraduates participated in the competition. All the students participated enthusiastically and showed great amount of creativity. Prizes were distributed on World No Tobacco Day (31/05/2024)

3. Oral Cancer Screening Activities:

Oral Cancer Screening Camp at Bus stand, Khed

- Dept. of Public Health Dentistry organized Free Oral Cancer Screening Camp in collaboration with Dept. of Oral Pathology at Bus stand of Khed on 31/05/2024, for the locals and patients coming from outside of Khed were targeted.
- Students from YDCH NSS Unit (2nd, 3rd, 4th year and interns) took part in the camp to assist interns for Oral cancer screening test - Toluidine blue stain.
- **Screening Procedure: Toluidine Blue Test:** The interns trained by the Dept of Oral Pathology administered the Toluidine Blue Test, a dye-based staining technique used to identify suspicious areas in the oral cavity. Toluidine blue selectively stains areas of tissue that have increased metabolic activity, which can indicate early stages of oral cancer or precancerous lesions. Around 57 patients were screened for oral cancer.
- **Clinical Examination:** Concurrently, participants underwent comprehensive oral examinations conducted by the students to assess overall oral health status, identify abnormalities, and provide immediate referrals for further evaluation if necessary. One to one counselling and Oral Health Awareness talks were delivered by the students at the Khed Bus stand.
- **Local news coverage link :**
- https://youtu.be/xCHPf0ka_I?si=2U-bASpJVRun2Wfk

4. Training and Capacity Building Programs

Program Components:

1. **Educational training was conducted for Interns during their TCC posting:**
 - **Basic Concepts of Tobacco Control:** Introductory lectures were conducted to familiarize participants with the basic concepts of tobacco control, including the global and local prevalence of tobacco use, its health impacts, and the socio-economic consequences
 - **Policy and Advocacy Training:** Sessions were held to educate students on tobacco control policies, advocacy strategies, and the importance of community mobilization in fostering a supportive environment for tobacco-free living.
2. **Skills Development:**
 - **Behavioural Interventions:** Practical training sessions focused on behavioural interventions for tobacco cessation, equipping participants with counselling techniques, motivational interviewing skills, and strategies to support individuals in quitting tobacco.
 - **Communication and Campaign Planning:** Workshops were conducted to enhance participants' abilities in designing effective communication campaigns, crafting compelling messages, and engaging diverse audiences in anti-tobacco advocacy.
3. **Resource Mobilization:**
 - **Networking and Partnership Building:** Participants were encouraged to forge partnerships with local stakeholders, healthcare providers, educational institutions, and community organizations to leverage resources, share best practices, and amplify the impact of anti-tobacco initiatives conducted by the TCC.
 - **Grant Writing and Fundraising:** Capacity-building sessions were conducted to guide participants in grant writing, fundraising strategies, and sustainability planning to secure financial support for ongoing tobacco control programs and activities.
4. **Monitoring and Evaluation:**
 - **Impact Assessment:** Training modules also included sessions on monitoring and evaluating anti-tobacco initiatives, measuring program outcomes, and using data-driven approaches to assess the effectiveness of interventions and inform continuous improvement.

Outcome:

The Training and Capacity Building Program for Anti-Tobacco Initiatives facilitated by the Institute in the Kokan region yielded significant outcomes mainly contributing around 87 trained dental health professionals who were empowered to practice Tobacco cessation counselling. Participants acquired comprehensive knowledge, practical skills, and strategic insights essential for implementing evidence-based tobacco control strategies. By fostering a community of empowered dentists and equipping them with the necessary tools to drive change, the program strengthened the foundation for sustained efforts in reducing tobacco use, promoting healthier lifestyles, and safeguarding oral health in the Kokan region. The collaborative efforts of participants, faculty members, healthcare professionals, and community partners underscored a collective commitment towards achieving tobacco-free environments, improving public health outcomes and increasing the number of patients (currently – 44) who have successfully quit the tobacco habits.

Students practicing the cessation counselling for patients at the Institutes TCC centre

5. School based Tobacco Control and cessation initiatives:

School based outreach programs were conducted during the WNTD celebration week. The initiative has the following planned activities:

Prevention Strategies:

1. **Education and Awareness:** During the Screening camps, an awareness seminar was organized that informed students about the dangers of tobacco use, focusing on its impact on health, academic performance, and social aspects. One to one counselling to students who are practicing the tobacco and tobacco products usage was conducted.
2. **Policy Development:** School administration was involved to implement or strengthen tobacco-free policies on campus, including no sellers within or around the campus and following the tobacco free environment at work by the working staff as well.
3. **Peer Education & Teacher training:** Training the teachers and appointing the student monitors to deliver anti-tobacco messages and support their peers in making healthy choices. Train teachers and relevant staff members on tobacco control strategies and how to support students in quitting tobacco use.

Cessation Support:

1. **Counseling Services:** Students were informed about the counselling services for students who want to quit smoking or using tobacco products under the parental involvement
2. **Behavioural Interventions:** Behavioural interventions and motivational interviewing techniques to help students overcome tobacco addiction and develop healthier habits was implemented during the screening visits.

Monitoring and Evaluation: Regularly monitoring the progress of the initiative, collecting data on tobacco use prevalence and student feedback was taken in order to make necessary adjustments.

6. Public Events like Walkathon/ Marathon/ cyclic rally / Public lectures / Rahagiri:

World No Tobacco Day Rally:

A Rally to create awareness regarding ill effects of tobacco was conducted by the Interns posted in Dept. of Public Health Dentistry and Dept of Oral & maxillofacial surgery on 03/06/2024. Undergraduate students, interns along with the Teaching and Non-teaching staff members took part in the rally.

Event Highlights:

1. Preparatory Phase:

- **Planning and Coordination:** Organizers collaborated with local authorities – Khed Bus stand and Khed Police station, to plan and execute the rally effectively with the necessary permissions.
- **Participant Engagement:** Students, faculty members and NSS volunteers were actively engaged in the planning process, contributing ideas for slogans, posters, banners, and other promotional materials.

2. Rally Route and Activities:

- **Route Selection:** A strategic route through prominent streets from Khed Bus stand towards Main marketplaces, and Teenbatti naka, Khed was chosen to maximize visibility and reach diverse audiences.
- **March and Chants:** Participants marched together carrying banners and placards with compelling anti-tobacco messages, slogans advocating for tobacco cessation, and promoting oral health awareness.
- **Street Performances:** Cultural performances, street plays, and skits were staged at designated stops along the rally route to entertain and educate spectators about the harmful effects of tobacco on health and well-being.

3. Community Engagement:

- At the rally endpoint, main skit was performed for public sensitization along with educational materials, brochures, and resources on tobacco cessation methods, oral hygiene practices, and the importance of regular health check-ups

- **Health Screenings:** Free oral health screenings and consultations were provided by volunteer healthcare professionals to participants interested in assessing their oral health status and receiving personalized advice.

4. Media Coverage and Outreach:

- **Social Media Campaign:** A synchronized social media campaign was launched before, during, and after the rally, utilizing platforms such as newspapers, pamphlets, Instagram to amplify messaging and encourage community participation.
- **Press Releases:** Local media outlets – including newspapers and television channels, were invited to cover the rally, highlighting its significance in promoting tobacco awareness and public health advocacy in the Kokan region.

धोडक्यात महत्वाचे

खेड : बसस्थानकात पथनाट्याद्वारे जनजागृती करताना योगिता दंत महाविद्यालयाचे विद्यार्थी.

**योगिता दंत महाविद्यालयात
तंबाखू विरोधी दिन**

खेड : खेड येथील योगिता दंत महाविद्यालय व रुग्णालयात तंबाखू विरोधी दिन साजरा करण्यात आला. यानिमित्त पथनाट्य व पदयात्रेद्वारे नागरिकांमध्ये जनजागृती करण्यात आली. येथील पोलीस निरीक्षक नितीन भीयर यांच्याहस्ते उद्घाटन झाले. तीनवतीनाका येथून पदयात्रेस प्रारंभ झाला. तीनवतीनाका, बसस्थानक, गांधी चौक या मोक्याच्या ठिकाणी पथनाट्य सादर करून जनजागृती करण्यात आली. पथनाट्यामार्फत योगिता दंत महाविद्यालयात स्थित असलेल्या तंबाखूमुक्ती केंद्राची माहिती देण्यात आली. कार्यक्रमांच्या यशस्वीतेसाठी प्राचार्य डॉ. वर्षा जाधव, मुख्य कार्यकारी अधिकारी डॉ. हेमांगी पोळ, सामाजिक दंतशास्त्र विभागाच्या प्रमुख डॉ. जनामिका गुप्ता, डॉ. मुग्धा, डॉ. सोनिया, दंत शस्त्रक्रिया विभागाचे प्रमुख डॉ. केदार वैद्य यांनी प्रयत्न केले.

Outcome: The Rally for Tobacco Awareness in the Kokan region achieved substantial success in mobilizing community support, fostering public awareness, and advocating for tobacco control initiatives on World No Tobacco Day. By uniting diverse stakeholders and leveraging creative engagement strategies, the event effectively conveyed messages about the detrimental impacts of tobacco use, inspired behavioural change towards tobacco cessation, and promoted oral health as an integral component of overall well-being. Moving forward, sustained efforts will continue to nurture a tobacco-free culture, empower individuals to make informed health decisions, and strengthen collaborative partnerships in advancing public health goals across the Kokan region.

8. Pledge ceremony by healthcare professionals for offering help to quit

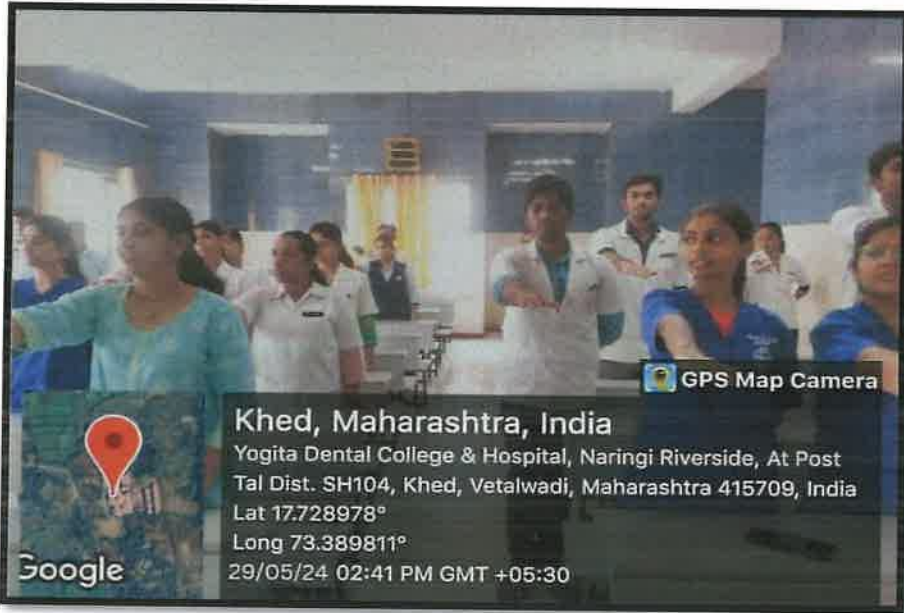

On 29/05/2024, a significant event unfolded at Yogita Dental College and Hospital, Khed, where healthcare professionals gathered to pledge their commitment to assisting individuals in quitting tobacco use. This initiative aimed not only to address the health hazards associated with tobacco but also to provide support and guidance to those striving to live tobacco-free lives.

Event Highlights:

- **Opening Address:** The ceremony commenced with an opening address by Dean of the institute Dr. Varsha Jadhav Ma'am, highlighting the detrimental effects of tobacco on health and emphasizing the critical role of healthcare providers in tobacco cessation.
- **Pledge Taking:** Healthcare professionals including dentists (teaching staff), undergraduate, postgraduate students and interns took a solemn pledge to prioritize tobacco cessation in their practice. This pledge underscored their dedication to supporting patients and the community in overcoming tobacco addiction.
- **Commitment to Community Outreach:** The ceremony concluded with a commitment to community outreach programs aimed at raising awareness about the dangers of tobacco and providing accessible resources for cessation support.

Conclusion: The pledge ceremony by healthcare professionals marked a significant step towards creating a tobacco-free society. It symbolized unity among healthcare providers in their mission to improve public health outcomes by combating tobacco addiction. Moving forward, the participants affirmed their continued efforts to educate, support, and empower individuals in their journey to quit tobacco and embrace healthier lifestyles.

In essence, the event served as a powerful reminder of the healthcare sector's unwavering commitment to promoting wellness and combating the pervasive threat of tobacco use in our communities.

11. Collaboration with AYUSH, Medical, Nursing colleges and State Tobacco Control Cell

The collaboration has been established between Yogita Dental College & Hospital, Khed and Bajaj Electrical Foundation (CSR Project) promoting tobacco control initiatives and fostering a tobacco-free environment within Konkan Region of State of Maharashtra. Collaborative efforts also focused on advocating for stronger tobacco control policies at the state level, including the implementation of smoke-free laws and regulations to protect public health. The data collected from TCC under Yogita Dental College & Hospital is digitally recorded in an app created by Bajaj Electricals Foundation which contributes to the reporting and updating of the database at National Tobacco Control Program Cell and Tata Memorial Hospital, Mumbai.

Joint workshops and seminars were conducted (In collaboration with Narottam Seksaria Foundation, Life First), covering various aspects of tobacco control, including epidemiology of tobacco use, health consequences, cessation strategies, and community engagement.

The collaboration has been instrumental in advancing tobacco control efforts, and driving policy changes to promote public health.

12. Initiatives towards ending Tobacco Industry Interference

- Institute has strictly adopted and enforced policies that prohibit interactions with tobacco industry including sponsorship, gifts and research funding
- Timely educational campaigns to raise awareness among all the important stakeholders of society- students, faculty (teaching, non teaching), schools, colleges and community.
- Strong advocacy for tobacco free campus and adoption of ToFEI Guidelines (Tobacco Free Educational Institution Guidelines) by Ministry of Education, Government of India.
- Encourage research on impact of tobacco use on oral health and effectiveness of tobacco control policies.
- Collaboration and partnerships with local and national health organizations that focus on tobacco control to strengthen advocacy efforts.
- Monitor and evaluate impact of initiatives on reducing tobacco use and take proactive steps in ending tobacco industry interference and promoting a healthier environment for students, staff and community at large

Subject: As per regulation 7 of CDE Notification dt 5th Sept.2018
regarding...

Respected Sir/Madam,

I am directed to state that as per Regulation No.7 of the Dental Council of India Continuing Dental Education Regulations, 2018 the Maharashtra State Dental Council CDE Committee has approved your e-mail application for CDE credit points dated **20/06/2024**.

Your CDE Programme is scheduled on **26th June, 2024** CDE Credit Points Approval Number is **MSDC/CDE/637/2024-2025** dated **25/06/2024** which should be display and print on the attendance certificate. The participants who will attend the program on **26th June, 2024** will eligible for **05 CDE Points**.

As per Regulation No.7.2 of the Dental Council of India Continuing Dental Education Regulations, 2018 the speakers are eligible to obtain double credit points.

As per Dental Council of India Continuing Dental Education Regulations, 2018 Regulation No.10 (10.1) It would be the responsibility of the CDE provider/s conducting the Programme to ensure that only valid professionals who have attended the CDE activity in full, are allotted CDE credit points.

The organization may adopt any of the following measures for prompt allotment of credit points.

10.1.1. Bar Code at Entry and Exit level.

10.1.2. Speaker will be given a code at the beginning and end of the lecture.

The code envelope shall be opened just before the lecture.

10.1.3. One observer appointed by the concerned State Dental Council shall be present during the Programme. The observer shall put his/her signature on every CDE certificate for the validity.

(10.2) The Organization shall submit the entire data of the attendees to the MSDC office in Excel Format e.g. S.No., Surname, First Name, Middle Name, Reg. No, Mobile No., Email, DE code allotted by the State Council, Date, claimed credit point within a month of the Programme with the approval of observer, Otherwise the allotted CDE points will be invalid.

Yours faithfully,

Sd/-

Subject: As per regulation 7 of CDE Notification dt 5th Sept.2018
regarding..

Respected Sir/Madam,

I am directed to state that as per Regulation No.7 of the Dental Council of India Continuing Dental Education Regulations, 2018 the Maharashtra State Dental Council CDE Committee has approved your e-mail application for CDE credit points dated **16/10/2023**.

Your CDE Programme is scheduled on **06th November, 2023** CDE Credit Points Approval Number is **MSDC/CDE/9703/2023-2024** dated **19/10/2023** which should be display and print on the attendance certificate. The participants who will attend the program on **06th November, 2023** will eligible for **06 CDE Points**.

As per Regulation No.7.2 of the Dental Council of India Continuing Dental Education Regulations, 2018 the speakers are eligible to obtain double credit points.

As per Dental Council of India Continuing Dental Education Regulations, 2018 Regulation No.10 (10.1) It would be the responsibility of the CDE provider/s conducting the Programme to ensure that only valid professionals who have attended the CDE activity in full, are allotted CDE credit points.

The organization may adopt any of the following measures for prompt allotment of credit points.

10.1.1. Bar Code at Entry and Exit level.

10.1.2. Speaker will be given a code at the beginning and end of the lecture.

The code envelope shall be opened just before the lecture.

10.1.3. One observer appointed by the concerned State Dental Council shall be present during the Programme. The observer shall put his/her signature on every CDE certificate for the validity.

Subject: As per regulation 7 of CDE Notification dt 5th Sept.2018
regarding...

Respected Sir/Madam,

I am directed to state that as per Regulation No.7 of the Dental Council of India Continuing Dental Education Regulations, 2018 the Maharashtra State Dental Council CDE Committee has approved your e-mail application for CDE credit points dated **22/08/2023**.

Your CDE Programme is scheduled on **05th October, 2023** CDE Credit Points Approval Number is **MSDC/CDE/8318/2023-2024 dated 15/09/2023** which should be display and print on the attendance certificate. The participants who will attend the program on **05th October, 2023** will eligible for **06 CDE Points**.

As per Regulation No.7.2 of the Dental Council of India Continuing Dental Education Regulations, 2018 the speakers are eligible to obtain double credit points.

As per Dental Council of India Continuing Dental Education Regulations, 2018 Regulation No.10 (10.1) It would be the responsibility of the CDE provider/s conducting the Programme to ensure that only valid professionals who have attended the CDE activity in full, are allotted CDE credit points.

The organization may adopt any of the following measures for prompt allotment of credit points.

10.1.1. Bar Code at Entry and Exit level.

10.1.2. Speaker will be given a code at the beginning and end of the lecture.

The code envelope shall be opened just before the lecture.

10.1.3. One observer appointed by the concerned State Dental Council shall be present during the Programme. The observer shall put his/her signature on every CDE certificate for the validity.

(10.2) The Organization shall submit the entire data of the attendees to the MSDC office in Excel Format e.g. S.No., Surname, First Name, Middle Name, Reg. No, Mobile No., Email, DE code allotted by the State Council, Date, claimed credit point within a month of the Programme with the approval of observer, Otherwise the allotted CDE points will be invalid.

Yours faithfully,

***ASSUMPTIONS REFERRED TO IN PARA 3 OF THE APPOINTMENT**

I) If the class and the course of relative and the class and the course of Examiner are same, the concerned Examiner cannot conduct or undertake any University Examinations. (eg.: Class of relative is I-BDS Course and class of Examiner is I-BDS Course, the concerned Examiner cannot conduct any Examination of that particular University Examination).

II) If relative of any Examiner under the same faculty is appearing in the University Examinations, the concerned Examiner cannot conduct any Examination at that particular center irrespective of class of relative. (eg.: Class of relative is I-MBBS Course and the class of Examiner is II-MBBS course, the concerned Examiner cannot conduct any Examination at that Particular Centre).

III) If class of relative and class of Examiner is different under the same faculty, and University Examinations are conducted or scheduled at different centers, the concerned Examiner can conduct the University Examinations. (eg.: Class of relative is I-B.Sc. Nursing and class of the Examiner is II-B.Sc. Nursing at different centers, the concerned Examiner can conduct the University Examinations).

IV) If the relative of any Examiner is appearing in the University Examinations under different faculty, the concerned Examiner can conduct the University Examinations. (eg.: Class of relative is I-BAMS and class of the Examiner is II-BHMS, the concerned Examiner can conduct the University Examinations).

V) If relative of any Examiner under the same or different faculty is appearing in the University Examinations the concerned Examiner cannot conduct any Examination at that particular Center.
