

CAPABILITY ENHANCEMENT SCHEMES 2023-24

SOFT SKILL DEVELOPMENT

Introduction

As a part of Capability enhancement schemes of 2023-24, the institute is herewith conducting lectures on Soft Skill Development for the benefit of the students and interested staffs.

Objectives:

1. Enhance Technical Proficiency on latest software tools

- Objective : To equip students with comprehensive knowledge and hands-on experience in the latest software relevant to their field of study.
- Rationale : This objective aims to ensure that students are proficient in using industry-standard software, making them more competitive and prepared for the workforce. It includes training on various software applications, coding languages, and development environments that are essential for modern technical roles.

2. Foster Problem-Solving and Analytical Skills

- Objective : To develop students' ability to solve complex problems and perform critical analysis using software tools.
- Rationale : This objective focuses on enhancing students' analytical thinking and problem-solving capabilities by teaching them how to leverage software to analyze data, develop algorithms, and create innovative solutions. It prepares students to tackle real-world challenges efficiently and effectively using technological solutions. Certainly! Here are two additional objectives for a Software Skill Development Capability Enhancement Programme :

3. Promote Collaborative Development

- Objective : To teach students effective collaboration techniques using version control systems and team-based development environments.
- Rationale : This objective emphasizes the importance of teamwork and collaboration in software development. It includes training on version control

CAPABILITY ENHANCEMENT SCHEMES 2023-24

HUMAN VALUE DEVELOPMENT

Introduction:

As a part of Capability enhancement schemes of 2023-24, the institute is herewith conducting lectures on Human Value Development for the benefit of the students and interested staffs.

Objectives:

1. Instil Ethical Values and Integrity

- Encourage students to develop a strong sense of ethics, honesty, and integrity in both their professional and personal lives.

2. Enhance Social Responsibility

- Foster a sense of social responsibility and community engagement, encouraging students to contribute positively to society.

3. Promote Emotional Intelligence

- Develop students' emotional intelligence to improve their interpersonal skills, empathy, and ability to manage emotions effectively.

4. Encourage Personal Growth and Self-Reflection

- Support students in their journey of self-discovery, promoting personal growth, self-reflection, and self-improvement.

5. Foster Respect and Tolerance

- Cultivate respect for diversity, encouraging students to appreciate and embrace different cultures, perspectives, and backgrounds.

6. Develop Leadership Skills

- Equip students with leadership skills to enable them to take initiative, lead by example, and inspire others.

7. Enhance Communication and Collaboration

- Improve students' communication skills and their ability to work collaboratively in teams, fostering a cooperative learning environment.

8. Promote Work-Life Balance

- Teach students the importance of maintaining a healthy work-life balance to ensure their overall well-being and prevent burnout.

9. Support Ethical Decision-Making

- Provide students with frameworks and tools to make ethical decisions in complex situations, both in their professional and personal lives.

10. Encourage Civic Engagement and Volunteering

- Motivate students to actively participate in civic duties and volunteer work, contributing to the betterment of their communities.

Soft Skill Development

Summary

Venue: Blue Classroom

Faculty Name: Dr. Pradeep Taide

No. of Participants: 45 (third BDS)

Summary: Dr. Pradeep Taide, Professor in the Dept of Prosthodontics, Crown and Bridge delivered a lecture on Soft Skill Development on 18th Dec 2023 (2:00-3:00PM). The motto of this presentation was to inculcate Soft Skills amongst them.

Content of the Program:

Encourage Innovation and Creative Thinking

Objectives

- To promote a mindset that values creativity and innovation.
- To introduce techniques and strategies for generating creative ideas.
- To provide tools for implementing innovative solutions in various contexts.
- To create an environment that encourages experimentation and risk-taking.

Program Structure

The program was structured into the following modules:

1. Introduction to Innovation and Creativity

- Understanding the importance of innovation in today's world.
- Key concepts and the role of creativity in driving innovation.

2. Techniques for Creative Thinking

- Brainstorming methods, lateral thinking, and mind mapping.
- Techniques for overcoming mental blocks and fostering creative flow.

3. Innovation Processes and Strategies

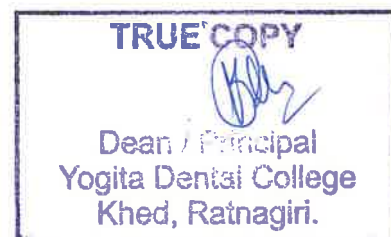

- Introduction to design thinking, agile methodologies, and other innovation frameworks.
- Case studies of successful innovations across industries.

4. Interactive Workshops and Activities

- Hands-on exercises to practice creative thinking techniques.
- Group activities to encourage collaboration and diverse thinking.

5. Project Work

- Participants were assigned projects to develop innovative solutions to real-world problems.
- Presentation of ideas and peer feedback sessions to refine and improve solutions.

Summary

Venue: Blue Classroom

Faculty Name: Dr. Swapnil Jadhav

No. of Participants: 90 (Ist Year)

Summary: Dr. Swapnil Jadhav Assistant Professor in the Dept of Prosthodontics, Crown and Bridge delivered a lecture on Soft Skill Development on 30/05/2024 (2:00-3:00PM). The motto of this presentation was to inculcate Human Values as a dental student and upcoming dentists.

Content of the Program: Promoting Effective Collaboration

Objectives

- To improve communication skills for better information exchange and understanding within teams.
- To foster teamwork and a collaborative mindset among participants.
- To equip participants with strategies for managing and resolving conflicts.
- To enhance overall productivity and efficiency through effective collaboration.

Program Structure

The program was structured into the following modules:

1. Introduction to Collaboration

- Importance of collaboration in modern workplaces.
- Key principles and benefits of effective collaboration.

2. Communication Skills

- Techniques for effective verbal and non-verbal communication.
- Active listening and feedback mechanisms.

3. Teamwork and Cooperation

- Building trust and rapport within teams.
- Roles and responsibilities in a team setting.
- Strategies for fostering a collaborative team culture.

4. Conflict Management

- Identifying sources of conflict in teams.
- Techniques for conflict resolution and negotiation.
- Maintaining a positive and productive team environment.

5. Interactive Sessions and Group Activities

- Role-playing and simulations to practice collaboration skills.
- Group discussions and activities to reinforce learning.

Key Highlights

- **Expert Guidance:** Dr. Swapnil Jadhav provided in-depth insights and practical advice on fostering collaboration.
- **Interactive Learning:** The program included interactive sessions, role-playing, and group activities that engaged participants actively.
- **Practical Applications:** Emphasis on real-world scenarios helped participants relate the skills to their professional contexts.
- **Conflict Resolution:** Focused sessions on conflict management were particularly beneficial in teaching participants how to handle disagreements constructively.

Soft Skill Development

Summary

Venue: Blue Classroom

Faculty Name: Dr. Vidya H

No. of Participants: 38 (Interns)

Summary: Dr. Vidya H. Reader in the Department of Prosthodontics, Crown and Bridge delivered a lecture on Soft Skill Development on 18th Feb 2024 (2:00-3:00PM). The motto of this presentation was to develop Soft Skills among the students

The soft skill development program titled "Enhancing Technical Proficiency on Latest Software Tools," conducted by Dr. Vidya H., focused on equipping participants with the knowledge and skills required to effectively use modern software tools. The program aimed at bridging the gap between technical abilities and soft skills, ensuring participants can leverage these tools to enhance productivity and innovation in their respective fields.

Objectives

- To introduce participants to the latest software tools used in various industries.
- To enhance technical proficiency through hands-on sessions and practical demonstrations.
- To develop complementary soft skills, including problem-solving, communication, and teamwork, essential for effective tool utilization.
- To provide a platform for participants to discuss and share experiences related to software tool usage.

Program Structure

The program was structured into the following modules:

1. **Introduction to Latest Software Tools**
 - Overview of emerging software tools in the market.
 - Industry trends and the importance of staying updated with technology.
2. **Hands-on Training Sessions**

- Practical demonstrations and guided exercises on selected software tools.
- Real-world applications and case studies.

3. Soft Skills Development

- Workshops on problem-solving techniques, effective communication, and collaboration.
- Role-playing and group activities to simulate real-world scenarios.

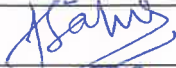

4. Project Work

- Participants were assigned projects to implement the knowledge gained.
- Group presentations and peer reviews to encourage teamwork and constructive feedback.

Human Value Development

Summary

Venue: Blue Classroom

Faculty Name: Dr. Premraj Jadhav

No. of Participants: 84 (Ist BDS)

Summary: Dr. Premraj Jadhav, Professor and HOD of Prosthodontics, Crown and Bridge delivered a lecture on Human Value Development on 21st August 2023 (2:00-3:00PM). The motto of this presentation was to inculcate Human Values as a dental student and upcoming dentists.

Content of the Program:

1. Introduction to Ethical Values and Social Responsibility

- Content : Overview of the importance of ethical values and social responsibility in both personal and professional contexts. Discussion on the relevance of these principles in various fields, especially in healthcare and dental practices.

2. Workshops on Ethical Decision-Making

- Content : Interactive workshops where students are presented with real-life ethical dilemmas. They will work in groups to discuss and determine the best course of action, guided by ethical principles and professional standards.

3. Case Studies and Role-Playing

- Content : Analysis of case studies that highlight ethical issues and social responsibility challenges. Role-playing activities where students act out scenarios to practice ethical decision-making and responding to social responsibility challenges.

4. Guest Lectures by Industry Professionals

- Content : Sessions led by respected professionals and leaders in the field who share their experiences and insights on maintaining high ethical standards and engaging in socially responsible practices.

5. Community Service Projects

- Content : Organizing community service initiatives where students can apply their skills and knowledge to benefit the local community. Projects could include dental health camps, awareness campaigns, and volunteer work with local organizations.

6. Ethics in Digital and Social Media

- Content : Workshops on maintaining ethical behaviour in digital interactions and social media. Topics include digital etiquette, responsible use of social media, and protecting patient confidentiality online.

7. Panel Discussions and Debates

- Content : Hosting panel discussions and debates on contemporary ethical issues and social responsibilities. These sessions will encourage critical thinking and allow students to explore different perspectives.

8. Developing Personal Ethics Charters

- Content : Activities where students create their own personal ethics charters. This exercise helps them to define and commit to their own set of ethical guidelines and social responsibility goals.

9. Mentorship and Peer Support Groups

- Content : Establishing mentorship programs and peer support groups where students can discuss ethical challenges and social responsibility initiatives, providing mutual support and guidance.

10. Assessment and Reflection

- Content : Continuous assessment through reflective essays, journals, and feedback sessions. Students reflect on what they have learned, how they have applied ethical principles, and how they have contributed to society.

Human Value Development

Summary

Venue: Blue Classroom

Faculty Name: Dr. Joel Koshy

No. of Participants: 63 (IInd BDS)

Summary: Dr. Joel Koshy, Associate Professor in the Dept of Prosthodontics, Crown and Bridge delivered a lecture on Human Value Development on 28th Nov 2023 (2:00-3:00PM). The motto of this presentation was to inculcate Human Values as a dental student and upcoming dentists.

Content of the Program:

Promoting Emotional intelligence and professional growth:

Objectives:

1. Understanding Emotional Intelligence:

- Explore the definition and components of EI: self-awareness, self-regulation, motivation, empathy, and social skills.
- Highlight the significance of EI in both personal and professional settings.

2. Enhancing Emotional Intelligence:

- Provide techniques for improving self-awareness and self-regulation.
- Offer strategies to boost empathy and social skills.
- Introduce methods for building resilience and managing stress.

3. Connecting EI to Professional Growth:

- Illustrate how EI contributes to effective leadership and teamwork.
- Discuss the impact of EI on communication and conflict resolution.

- Demonstrate how EI can facilitate career advancement and job satisfaction.

Program Highlights:

1. Presentations:

- Dr. Joel Koshy delivered insightful lectures on the role of EI in the workplace.
- Presentations included case studies showcasing the successful application of EI across various industries.

2. Interactive Workshops:

- Group activities designed to practice EI skills in practical scenarios.
- Role-playing exercises aimed at enhancing empathy and communication abilities.

3. Practical Exercises:

- Self-assessment tools to help participants evaluate their current EI levels.
- Development of personalized action plans for continuous EI improvement.
- Techniques for stress management and mindfulness to support emotional well-being.

4. Networking Sessions:

- Opportunities for participants to connect and share experiences.
- Collaborative projects that foster professional relationships and teamwork skills.

Human Value Development

Summary

Venue: Blue Classroom

Faculty Name: Dr. Joel Koshy

No. of Participants: 52 (IIIrd BDS)

Summary: Dr. Joel Koshy, Associate Professor in the Dept of Prosthodontics, Crown and Bridge delivered a lecture on Human Value Development on 18th Dec 2023 (2:00-3:00PM). The motto of this presentation was to inculcate Human Values as a dental student and upcoming dentists.

Content of the Program: Fostering Respect and Tolerance and Developing Leadership Skills

Objectives:

1. Fostering Respect and Tolerance:

- Understand the importance of respect and tolerance in diverse environments.
- Explore strategies to cultivate a culture of respect and inclusivity.

2. Developing Leadership Skills:

- Identify key leadership qualities and skills.
- Learn techniques to enhance leadership capabilities and influence.

3. Integrating Respect and Leadership:

- Discuss the role of respect and tolerance in effective leadership.
- Demonstrate how inclusive leadership contributes to team success and organizational growth.

Program Highlights:

1. Presentations:

- Dr. Joel Koshy provided insightful talks on the significance of respect and tolerance in the workplace.
- Case studies were presented to illustrate the impact of inclusive leadership on team performance.

2. Practical Exercises:

- Self-assessment tools to evaluate participants' current leadership skills and areas for improvement.
- Development of personalized action plans to foster respect and enhance leadership abilities.
- Techniques for managing diverse teams and resolving conflicts with respect and understanding.

Outcomes:

- Participants reported a heightened awareness of the importance of respect and tolerance.
- Improved leadership skills, with a focus on inclusivity and empathy.
- Enhanced ability to manage and lead diverse teams effectively.
- Positive feedback on the applicability of the techniques and strategies learned.

Participant Feedback:

- Attendees praised the program for its comprehensive approach to developing respect and leadership skills.
- Many participants found the blend of theoretical insights and practical exercises to be highly beneficial.
